

### About the College

Maris Stella College is a Catholic Christian Minority Institution of Higher Education for women, under the direction of the Franciscan Sisters of Mary and affiliated to the Krishna University, Machilipatnam. The primary objective is to provide Higher Education for women. 'Truth and Charity' is the motto of the College. Maris Stella College aims at an integral and personalized education of the young and strives to enable students to grow into socially aware and responsible citizens. The College offers both UG and PG courses. The college identifies and nurtures potentials in students for higher learning and research in order to contribute significantly to knowledge systems.

### About National Workshop

Life is a precious gift and is relationship based. The purpose of education is to enable individuals in understanding these causal relationships in life in addition to imparting skills and knowledge. It should help the individuals to understand the essential harmony in the world around them, empower them to participate proactively in life's dynamics and contribute to the real progress of self as well as community as a whole.

In the absence of such ability and understanding, the student community tends to get disoriented with the defaults in the society viz., non-essential glamour, consumerist lifestyle leading to unhappiness, dissatisfaction, lack of hope, deep depression etc. This creates inter-personal tensions,

hatred, exploitation and leads to disintegration of precious self and identity.

The higher education sector seems to be industry driven and the goal of education has changed to cater to the needs of industry and so students' priority has become money and career. In the process of achieving this, human beings begin to exploit one another including our Mother Nature, leading to disharmony at all levels.

Such phenomena causing disharmony in life can be reversible through right understanding and right initiatives like introducing a value based holistic education in the present academic curricula that promotes transformation of human consciousness and strives for happiness and prosperity. Teachers are the pillars of the society and so any initiatives taken to enrich them will have an effective role in building a harmonious world. In view of this, the internal Quality Assurance cell of Maris Stella College organizes one day National Workshop on "**Role of Human Values in Higher Education for Personal and Professional Excellence**" on 01.02.2017.

### Goal

Evolving new models for the holistic education to be incorporated into the existing system of education in order to equip young people with knowledge, understanding, emotional, attitudes and practical skills to live healthily, safely, responsibly, productively and harmoniously throughout life.

### Objectives

The National workshop aims to:

- promote right understanding and right relationship
- preference of physical facilities in the right order
- pursue happiness, prosperity and their continuity for all human beings in society
- focus on effective performance of individuals, team and organization
- build value linked ecosystem in the organizations to which participants belong.

### Expected outcomes

- Self- confidence, Self-realization, and Self- esteem
- self- respect and respect for others
- Peer pressure related to deciding one's own choices
- Human relations
- Major causes of unhappiness
- distinguishes between:  
response and reaction,  
competition and comparison,  
complains and compliments,  
information and knowledge,  
expectations and excellence.

### Resource person of the Workshop

**R. Pradeep Kumar**

Professor in Civil Engineering,  
Head,

Earthquake Engineering Research Centre  
IIT Hyderabad.

Email id: [ramancharla@iiit.ac.in](mailto:ramancharla@iiit.ac.in)

Prof. R. Pradeep Kumar is an eminent member of many committees at state and national level. He is a person of compassion and has contributed much to the Nation during natural calamities. He is strong proponent of Human Values and has been spear heading the activity of human values in IIIT-H since 2005. Till now he has conducted over 50 workshops of 3-8 days duration and over 100 guest lectures on Human Values. His dream is to take Value Education to all people in the state of Andhra Pradesh.
